REPORT OF THE HIGHWAY AGENT

We came out very good on our budget for 1966, our overdraft, for the most part, occuring the last two weeks of December on Winter Maintenance. In submitting my 1967 estimated budget I have not asked for an increase for maintenance as Winter expenditures is controlled by the weather and cannot be correctly estimated.

The Tarring budget was spent more with the use of the Grader to improve some of the surface for travel. This was done on the following Roads and Streets: Prescott, Harriman, Lane and Governor's Lake Roads; Moulton and Orchard Streets and Floral Ave.

Our Town Road Aid project is a section of the Onway Lake Road, a distance of seven-tenths of a mile. This section is still under construction and will be surfaced this year. I would like to add, I have worked with this department for fifteen years on projects and this section has been the roughest to try to widen that I have ever worked on.

The Harriman Road project was continued, the section was widened, Graded, surfaced and approved by the State.

I would like to take this opportunity to thank the Selectmen for the co-operation and work they have given this department and the Town Treasurer for her continued services, also the Citizens, Taxpayers, Voters and the men who have worked with the department.

Respectfully submitted,

LYMAN R. HAMMOND, JR.
Road Agent

REPORT OF THE TRUSTEES - 1966

Supplementing the Librarian's Report and the Treasurer's Report the Trustees offer the following:

Book and magazine purchases totaled $614.70, substantially more than the town appropriation of $500.00. This was possible because of funds left over from the previous year and because previously unused Trust Fund interest was used. These acquisitions have materially increased our supply of up-to-date books for our readers. We plan, subject to the action of the Town Meeting, to continue purchases at about the same rate.

The younger readers have not been forgotten. 83 books for juveniles have been placed on the shelves to stimulate their interest.

The Librarian and Trustees have attended four "Bookmeetings" where new books are exhibited and discussed and selections made. These books are purchased through the State Library Board at advantageous discounts. One of these meetings was held at the Dudley-Tucker Library.

The Trustees have been represented at four district meetings of the Advisory Council of the Southeast Library District. Also at four planning sessions. These are sponsored by the State Library Board for the purpose of improving library service. Attendance at all these meetings has been without expense to the Town.

To promote interest in the Library we have acted as hosts to two meetings of the Raymond Garden Club. (At one the Woman's Club members were guests). Movies of the Williamsburg buildings and flowers were shown. Also through the courtesy of

William Prince we exhibited his collection of "Broken Bank Notes". Among them was a three-dollar bill which was only partly phoney.

Through the courtesy of the Selectmen a telephone extension has been installed in the Library. The Librarian may be called during Library hours on 895-2876.

The Trustees point out that Town appropriations and their own efforts end in failure, if the books are not read. We invite and urge every resident to make use of the Library and the helpful services of the Librarian, Mrs. Wason. In addition, suggestions for book purchases and other improvements will be appreciated.

Respectfully submitted,

FIRE DEPARTMENT REPORT

1966

To the Selectmen and Citizens of Raymond:

The Fire Department had a total of 84 calls during 1966. Our estimated losses to buildings and trailers was $1,150.00 and $1,000. of that was non-resident property.

I don't believe there is another town in New Hampshire of equal size (app. 2500 population and ten million dollars valuation) which can equal the record hung up by the Citizens of Raymond for 1966. It is only by fire alert Citizens who can make such a record.

We have very few fires caused by Youngsters playing with matches, and I believe this is the result of the Kindergarten Teachers and Mr. Callaghan and his staff teaching the youngsters the dangers of fire.

On behalf of the Fire Department and myself, we congratulate and thank our Citizens for their fine record.

Respectfully yours,

P. A. FOX

RAYMOND POLICE DEPARTMENT

It is my privilege to prepare this report of the activities of the Raymond Police Department for the year 1966.

The year 1966 was a much busier year in almost every phase of our work, and particularly so in the investigation of house and summer camp breaks. This type of investigation requires many man hours in accumulating evidence and facts before an arrest can be made. The increase in this type of problem in our town and many of the surrounding towns necessitated the use of a Special Night Patrol by the New Hampshire State Police and the Rockingham County Sheriff's Department to help the local towns curb the activities of persons involved in Breaking and Entering in the night time. A decided decline was noted during this period when all departments, in a combined effort worked to curtail the activities of the subjects involved.

Motor Vehicle accidents were about equal to the year 1965. There were no fatal accidents in the town of Raymond this year.

The Police Department covered approximately the same number of school activities as it has in the past. Continuing coverage of these activities is essential to the safety and welfare of the people involved and the protection of the school property.

In closing this report, it is felt by this department, that where there is approximately 31,000 miles being registered on motor vehicles belonging to individuals of the Raymond Police Department, that very serious consideration be given by the voters of Raymond as to the purchase of a police cruiser, to

be used by all members of the Police Department while performing their duties. The cost of this vehicle has been investigated as well as the maintenance thereof, and based on a 2-year life, represents a very minimal cost per year.

I would like to take this opportunity to extend my thanks and appreciation to Dep. Chief Robert Elliott, Officers Charles Perkins, Howard Cottrell and all the other Special Officers of this department, the Selectmen and the citizens of Raymond for their continued assistance in making this department function smoothly.

Chief of Police

Board of Selectmen
Raymond
New Hampshire
Gentlemen:

Submitted herewith is the Audit Report for the fiscal year ended December 31, 1966, as requested by the vote of your Town.

SCOPE OF AUDIT

All Departments of the Town Government were audited: Including, The Board of Selectmen, Treasurer, Tax Collector, Clerk, Trustees of Trust Funds, Library, and Water Department.

FINANCIAL STATEMENTS

Exhibit A-1 contains Comparative Balance Sheets for the fiscal years ended December 31, 1965 and December 31, 1966. The Net Debt reduced $2,767.09, during the year. Exhibit A-2 shows details of reduction.

Exhibit A-3 shows appropriations as raised by the Town vote, receipts and reimbursements of appropriations, expenditures, and balances unexpended or overexpended. The final overdraft of appropriations was $6,771.75.

Exhibit A-4 shows estimated revenues and actual revenues received. The net revenue surplus was $2,565.45, deducted from overdrafts of appropriations, results in a net budget deficit for 1966 of $4,206.30.

DEPARTMENTS

Exhibit B-1 through G shows various Town Officers' Accounts. Exhibit H shows Long Term Indebtedness and Exhibit I shows Town Officers' Surety Bonds.

All monies were accounted for by reconciling with depository banks.

Verification notices were sent on all deliquent taxes for the 1966 levy.

GENERAL COMMENTS

All records of officials were in excellent condition. Remarkable progress has been made in collection of old water accounts. Outstanding as of December 31, 1966 was $2,960.11, a reduction of $1,409.06 for the year.

Many old taxes were collected during the year. The Tax Collector and his deputy are doing an excellent job reducing these old taxes.

My thanks to the Board of Selectmen and all other Town Officers. It would be impossible for me and my staff help to complete the audit in the allotted time, if officials failed to give less than all-out cooperation.

Respectfully submitted,

HERBERT E. HUNT

Auditor

SCHOOL WARRANT

To the inhabitants of the School District in the Town of Raymond, New Hampshire, qualified to vote in District Affairs:

You are hereby notified to meet at the Raymond School Auditorium in said District on the Eleventh day of March, 1967, at seven o'clock in the evening to act upon the following subjects:

1. To choose a Moderator for the coming year.

2. To choose a Clerk for the coming year.

3. To choose Two (2) members of the School Board for the coming three years.

4. To choose a Treasurer for the coming year.

5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agents of the District.

6. To hear the reports of Agents, Auditors, Committees, or Officers chosen and pass any vote relating thereto.

7. To choose Agents, Auditors, and Committees in relation to any subject embraced in this warrant.

8. To see what sum of money the District will raise and appropriate for the support of Schools, for the salaries of the School District Officers and Agents and for the payment of statutory obligations of the District, and to authorize the application against said appropriations of such sums as are estimated to be received for the State Foundation Aid Fund together with other income; the School Board to

certify to the Selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the Town.

Given under our hands at said Raymond this nineteenth day of February 1967.

Report Of The

SUPERINTENDENT OF SCHOOLS

ENROLLMENTS

A year ago we predicted an enrollment of 650 pupils and as of December 9 we had 650.5. We'll never be as accurate again! Next year's enrollment looks like 670, dependent on the number of high school tuitions and movement of families in or out of the Raymond area. This will approximate a gain of almost 200 pupils since 1961-62. From pre-school census figures it would seem that the rate of growth will slow up a bit. If it doesn't, a re-evaluation of our facilities will be necessary.

FEDERAL AID

All Federal Air programs have been funded by the Congress with some increases for the school year of 1967-68.

A Title III project sponsored by our supervisory union, but under the direction of the Manchester Institute of Arts and Sciences, has been funded with $96,600. Some schools have already participated in this and all will as soon as programming can be completed. In addition to this, we expect the other project, the Psychological Service Center for Pre-School and Primary Grade Children for Rockingham County, will be funded and put into operation sometime this spring. I believe it safe to say that not many school districts in the state will be participating in two Title III projects.

TEACHERS

For all practical purposes, a minimum salary for beginning teachers is $5,000, with many places

south of the New Hampshire border paying more. This salary must be met this spring. When this is done, we are putting ourselves and those teachers of several or many years of experience in an awkward position. Regardless of the type of organizational pattern a school has, or how "modern" a system claims to be, the heart of any school is a dedicated staff, and we must do the best we can for our teachers. Competition for qualified teachers becomes increasingly great each year.

Raymond has done very well by its schools, and should be proud of it. We believe the schools have given full measure in return. Principal Callaghan's report explains in more detail the many phases of the educational program.

We express our appreciation for your past and present support, and hope you will continue it in the future.

Respectfully submitted,

C. MAURICE GRAY

PRINCIPAL'S REPORT

January, 1967

To the Superintendent and School Board:

The foundation of our great nation is its supreme commitment to the individual. Its first great document declared that the individual "has certain unalienable rights". We must, therefore, assume responsibility for preserving and developing the unique talent and character of each individual.

It has been said that the idea of sending a man to the moon is a puny concept and a simple undertaking, compared to the idea that every individual is unique and important, and that an education can be designed and executed to enable each to achieve his full potential. We do not believe that some wonderful panacea, some mechanical system of organization will ever accomplish this. But we do feel that we must find some combination of attitude and purpose that stimulates everyone's growth. And this, we are attempting to do.

We are not forgetting group values nor that the ability to live well in groups is important. To live well in groups implies that a certain degree of conformity is a necessity. We need unity, yes, but we need diversity too. We must learn to combine both in a new harmony.

Individual aptitudes, abilities, and interests must be nurtured to a point where students may become all that they are capable of becoming.

I. Instructional Improvement

With the above firmly in mind we have embark-

ed on a program to individualize instruction for all. We are attempting to do this through the inservice training of teachers. With the cooperation of the University of New Hampshire, we are bringing college professors into our own school for this specific purpose. We have already completed a Reading Work Shop. During the spring term we will offer a course in the new Instructional Media for our teachers. The new technology will be brought into the classroom to help the teacher do a better job of individualizing instruction.

The Rinehart system of handwriting has been introduced this year. This has resulted in the acquisition of the services of a professional consultant who is visiting classrooms on a monthly basis.

Driver Education is being offered in the high school. Thirty students received training last year. Thirty-two students are presently enrolled in the class being taught by Mr. Gould. This course is subsidized in part by the state. The car is provided by Chrysler Motors Corporation.

Physical education classes are meeting in the gym throughout the day, for the first time since the gym was constructed. Classes are being conducted at the elementary, junior high and high school levels. Mr. Baker is conducting the junior and senior high school classes. Elementary teachers are being assisted by a select group of high school physical education students, under Mr. Baker's direction.

Newly organized groups of students are acting as teacher-aides at noontime to give hard-working elementary teachers a chance to eat their lunch without having to supervise a room full of youngsters.

A speech therapist meets with classes one day a week for a full day.

We have been privileged to receive a visiting professor in science from the University of New Hampshire, during the fall term.

II. Materials and Resources

The new library has become the focal point for all areas of study. Consequently, we are in the process of making this a materials and resource center. A center that will house not only library books, but audio-visual materials as well. Under Titles I and II of the Elementary and Secondary Education Act of 1965, we have purchased both equipment and materials. We are also making purchases of approved materials under Title III of the N.D.E.A., which makes it possible for us to double returns on funds budgeted. All purchases, under all of the above named titles, are subject to approval by the State Department of Education.

III. Pupil Personnel Services

We have staffed and equipped our new guidance room. Mr. Holt, our guidance counselor, has made his services available to both elementary and high school students. He has been busily engaged in meeting with teachers, parents and students in organizing a program of importance to all. In connection with his duties, Mr. Holt has attended the New England Guidance Conference; and during the February vacation, he has enrolled in the workshop being conducted by the Hopkinton School Readiness Project. Training will be offered in the administration and evaluation of the new School Readiness Test devised at the Gesell Institute of Child Develop-

ment on the Yale campus in New Haven. Dr. Frances Ilg, co-author of the test, will conduct the workshop.

Our school health program continues to be a very important part of your child's school experience. A sound body to house a sound mind is a highly commendable goal for each of us. A goal brought closer, I am sure, through the efforts of such dedicated professionals as: Dr. John Blaisdell, Dr. Martin Dionne, and our school nurse, Mrs. Augusta Gibbs, R.N.

An important adjunct to our health program is our food service, supervised most ably by Mrs. Rose Cross. Mrs. Cross and her helpers continue to receive praise from the state supervision for the planning and preparation that goes into the meals your children are being served.

IV. Student Activities

Finances for our broad activities program are still provided by a very active Student Council and its fund-raising drives, under the direction of Mrs. Lord.

The Council has provided a program of paid professional assembly programs offered by the National School Assembly Service, (six a year). Our participation in this service has been made possible by your generous response to our annual magazine subscription drive.

In addition to the above mentioned programs the American Trucking Association has provided us with a safety assembly featuring Sgt. Pike of the Michigan State Police. The Theatre Resources for Youth (TRY), of the University of New Hampshire, has provided the elementary school with a play

entitled "The Emperor's New Clothes". Art Exposure Inc., a Title III program sponsored by Supervisory Union No. 53 and directed by the Manchester Institute of Arts and Sciences, provides programs in the performing arts for our elementary school children at the rate of one program every six weeks.

In state-wide competition for all-state chorus and band, the following students were successful contestants and will represent Raymond: High School Band, Shirley Colligan; Chorus, Ann Thompson and Audrey Renaud; Jr. High Band, Sharon Callaghan, Scott Campbell and Dennis Cronin. Congratulations, Mr. Carrier and students.

Our varsity athletic teams in soccer, volleyball, boys' and girls' basketball, softball and baseball continue to win more than their share of honors for our school and our community. My sincere congratulations to all participants and especially to the coaches Miss Rock, Mr. Baker, Mr. Coleman, Mr. Mason and Mr. Raymond.

We take special pride in the fact that our choir annually carols at the Elliot Hospital, the Masonic Home for the Aged, and the Rockingham County Home in Brentwood, during the Christmas season. We have been invited to present a program of spring music at the County Home in April as part of the rehabilitation program. We are most happy to be able to do this.

The Art Class under the direction of Mrs. Dannis has done much for morale and the aesthetic aspects of a well-rounded education. Her students' work proudly decorates the walls of the new library.

V. Community-School Relations

During the past year your principal has been privileged to attend the Convention of the National Association of Secondary School Principals in Cleveland, Ohio. My sincere thanks to the School Board for making this possible. Your principal was also: (1) elected president of the Southeastern Principals Association; (2) elected president of the Southeastern League; (3) a guest of President McConnell at the dedication of the new athletic facility at the University of New Hampshire; (4) a member of the educators air lift to the Air Force Academy from the state of New Hampshire; (5) a member of the eligibility committee of the N.H.I.A.A.; (6) a member of the basketball committee of the N.H.I.A.A.; (7) elected for a fourth term, to represent N.H. on the New England Council of Secondary School Principals.

My sincere and heartfelt thanks to:

The band parents who assist with transportation whenever and wherever it is needed.

The mothers of our athletes who provide an all sports banquet annually — win, lose or draw.

The Parent-Teachers Organization for their support of the dental clinic, their purchase of a new eye-testing machine, their assistance in all aspects of the health program and their willingness to provide help in many, many ways.

The Raymond Ambulance Association, which is planning a series of activities for the specific purpose of purchasing an audiometer for the health department.

The Parent-Teachers Organization, Maple

Wheadon Post V.F.W., Maple Wheadon Post V.F.W. Auxiliary, the United Shoe Workers of America — Local 106, the Alumni Association, Business and Professional Association, and Camp Se-Sa-Ma-Ca for the scholarship help given our graduates.

The many citizens who have graciously given of their time to come into our classrooms to talk with classes in many areas of study.

A truly dedicated and devoted staff who consistently strive to make this an institution of which you may be justly proud.

You, my fellow-townspeople, for your continued cooperation and support.
